Designer and Craftsman who appreciates organic materials and simple designs

Mark Cwik, having more than 15 years of woodworking experience, created Mark Cwik Studio Furniture in January, 2007. His studio and showroom are located in Chicago, IL. Mark creates contemporary furniture that enhances everyday living, incorporating the distinctive beauty of natural materials with the clean lines of modern design.

Mark is a member of the Furniture Society and has numerous clients nationwide. In addition to his individual clients, Mark has built custom furniture for The National Institutes of Health, AT&T Tower, YUM! Kitchen and Bakery, Mission American Kitchen & Grill, and Newport Condominium Association. He first showcased his furniture at the 2006 Fine Furnishings Providence Show where his work was featured online by *Fine Woodworking Magazine*. He will debut his extended furniture line at the International Contemporary Furniture Fair in New York on May 19, 2007.
